You can enjoy these guides and video cleveriker: To determine what equipment you need to bring your trip, consider these 3 questions: Are you going to a camp or a primitive camp? This will help you determine whether or not picnic tables, bonfire, bathroom, water and electricity. It's good for the body, mind and spirit mix our routines and go out to have fun and relax. You will need to decide which method works best for you and your family. But you will need something ... unless you plan to sleep under the style of cowboy of stars. And, if your style, then this is very cool! And, very brave! Now that you decided as you will be protected, you will need a sleeping bag or sheets of some kind. If you get cold where you sleep, do not try to save money on your sleeping sleep. Before, spend the money and buy a quality bag that will keep you warm and dry. The camp kitchen and your food system vary a lot depending on how much you want to cook on your camping trip. A Quality Cooler, such as Yeti Tundra, will have thick insulation to help keep it cold for a long time. We try to separate the garbage from recyclable & € - whenever we can. If, on the other hand, temperatures are heated at night, then you can probably move away with a sleeping department store or just bring some lenses and house blankets.
